Services

Registered Nurses/Licensed Vocational Nurses

Evaluate and assess the patient's medical needs and render treatment, symptom and pain management, instruction and teaching as approved by the patients attending physician. Multi-lingual nurses also on staff.

Physical Therapists

Assess the physical condition of the patient and establish a physical therapy plan helping the patient achieve maximum independence with daily living activities while minimizing joint and muscular pain. Physical Therapists will also train the patient and family for safe ambulation, transfer and gait balance.

Occupational Therapists

Work with patients in achieving independent living goals through approved exercise programs and adaptive equipment.

Medical Social Workers

Assess the patients psychosocial and long term planning needs.

Speech and Language

Pathologists assess, diagnose and treat patients who are experiencing speech and language difficulties, problems with swallowing and cognitive communication disorders.

Certified Home Health Aides

Assist patients with daily activities such as bathing, personal hygiene, grooming, nutritional intake and light housekeeping.

Registered Dietitians

Assess the patients nutritional needs while providing plans for a specific diet.

Durable Medical Equipment

St. Bernardine Care Providers will assess the patients needs for home health care equipment including, but not limited to, wheelchairs, canes and walkers. We provide the highest quality equipment available through our DME contractor.
